5 Steps to follow before submitting Artwork

It is important to follow these steps to eliminate order delays.

If you can answer (**YES**) to ALL questions below then your artwork is usable and ready for our proofing process.

If you answer (**NO**) to ANY of the questions below, then please have that issue addressed by your customer or artwork provider BEFORE sending artwork to us.

If you are unable to provide artwork in a usable format, please send us what you have and ask for a quote to get the art in a usable format.

- Step #1** Does the art file contain Vector Based artwork? **Yes or No**
*Vector Based art can be fully manipulated. Individual pieces can be selected from the overall design. The design can be changed without loss of quality.
(Ex: size, color)
- Step #2** Is the art file submitted in one of the following formats? **Yes or No**
Adobe Illustrator (CS3 or Newer)
EPS
PDF (from a vector based program)
- Step #3** Have all fonts been included? If not, have fonts been converted to outline? **Yes or No**
*Fonts are type styles used to create text
- Step #4** Is your artwork color labeled for either spot colors (Pantone Ink Colors) or labeled for process (C,M,Y,K) colors? **Yes or No**
- Step #5** Does the art file include: print size, print description, print location, bag size contact person and email address? **Yes or No**

FYI – Not acceptable forms of artwork include: **JPEG Files**
Word Documents
PDF's (Not Vector Based)
Placed Images

Thank you for expediting the artwork process for your order
